Accucraft live steam, gauge 1 / G scale, 45mm locomotive, Isle of Man 'Peveril', 2-4-0T, with instructions and box.

Comes with both gas and boiler certificate dated 2011, we do not know when this was last run and is untested. Looks to be very good/excellent condition and does not look to be run much at all, very light use to edges and looks to have no damage, please see added photos on our website.
